PLOT NO. 1-B Ujjawal Awas Deoli Arab - Kota

FULL STACK ENGINEER

Experienced Full-Stack Developer with over 8 years of expertise in building dynamic, scalable web applications. Skilled in **Vue.js** and **Laravel**, with a strong foundation in React and other modern web technologies. Proven ability to deliver high-performance, responsive, and user-centric solutions by combining frontend and backend knowledge. Familiar with development environments like Docker Compose with Laravel Sail and adept in using design tools like Canva and Figma for UI/UX workflows.

TECHNICAL SKILLS

Frontend: Vue.js, React
JavaScript (ES6+), HTML, CSS,
Tailwind, Bootstrap

Backend: Laravel, MySQL, RESTful
API development

Tools & Environments: Docker
Compose (Laravel Sail), Git,
Webpack, Jira, AWS, Looker

Other Frameworks & CMS:
Next.js, WordPress, WebFlow

Design Tools: Canva, Figma,
Photoshop

State Management: Vuex

PROFESSIONAL EXPERIENCE

Cracker Digital Media - (Actionable)

June 2019 - Present

Full-Stack Developer

Developed scalable Vue.js and Laravel applications focusing on performance and responsiveness, writing and executing test cases for frontend components using Vitest and backend functionality with PHPUnit to enhance code reliability. Utilized Vuex for state management, built reusable components to improve user experience, and managed Docker Compose environments with Laravel Sail for consistent development and deployment. Collaborated closely with designers in Figma and Canva, integrating seamless UI/UX workflows, and optimized MySQL queries, performance.

Kriscent Techno Hub

Dec 2015 - May 2019

Front-End Developer

Developed and maintained user interfaces for web applications using HTML, CSS, Bootstrap, and JavaScript, delivering visually engaging and functional designs. Worked closely with UI/UX designers and backend developers to ensure seamless integration between front-end and back-end components. Implemented responsive designs, optimizing web applications for various devices and screen sizes to enhance user experience. Conducted extensive testing, debugging, and performance tuning to improve application speed and usability. Actively contributed to the team's best practices and coding standards, fostering a high-quality development environment.
